SUBJECT: PARKING RESTRICTIONS ADJACENT TO IMPACT SPORTS COMPLEX

Dear Friends of Impact,

Due to the unfortunate incidents of cars blocking the business entrances of the Spare Space Business Park adjacent to Impact Sports Academy, we have lost the ability to use this area for overflow parking.

NO PARKING FOR IMPACT EVENTS WILL BE ALLOWED in the Spare Space Business Park and mini-storage areas directly south of Impact at the end of 69th Ave. We at Impact regret this change and realize it may cause disruption to some at times of tournaments. However, in the interests of safety and courtesy to all, this restriction must be acknowledged and planned for. Vehicles violating this restriction WILL BE TOWED.

Parking is still allowed in the following areas:

- Impact's gravel and paved parking lot (max. 40-50 cars)
- The east and west parking strips along 69th Ave adjacent to and north of Impact- (restricted parking cones prevent parking in front of auto wrecking yard gates)
- Sundays in the US Post Office on the north side of 27th
- Other nearby business on 27th Street as allowed by those businesses in designated areas.
- 67th Ave West between 27th and the entrance driveway to Spare Space Business Park
- Carpooling from TCC or Narrows Plaza

Impact staff will be on duty in the parking areas at tournaments to assist and support in implementing this policy while helping athletes and spectators enjoy their participation at Impact.

Again, we at Impact regret that this restriction, but understand that it must be implemented in order for the businesses in the Spare Space Business Park and storage areas to access their property.

**BOTTOM LINE: VEHICLES FOUND TO BE IN VIOLATION OF THIS PLAN
WILL BE TOWED AT OWNER'S EXPENSE.**

With best regards,

Keith Brown, General Manager
